Many of the units listed carry a rating as developed by the Department of Energy (DOE) and the Federal Energy Management Program (FEMP). The FEMP guide on “How to buy an Energy Efficient Room Air Conditioner” is supplied for your use and understanding.

DSCP has added to those units the following code indicating those units that meet these requirements.

No * - Not energy efficient, does not meet the DOE/FEMP requirements

* - Meets DOE/FEMP requirements

** - DOE/FEMP and Energy Star rated
